

# Sustainability in practice

## Circular Economy

Recycling targets (CEP) for the UK are set at

**55%** by **2025**

**60%** by **2030**

Initial enquiry, technical assessment and quotation

Carbon footprint monthly/annual report available on request

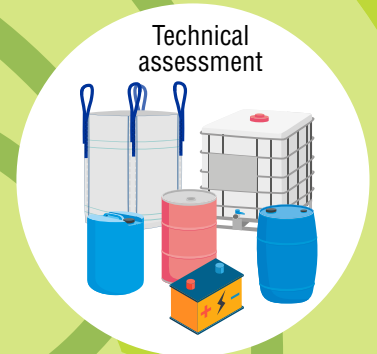

**Reuse**

**Recycle**

**Recovery**

Technical assessment

### Reuse

By extending the life of your packaging we reduce greenhouse gas emissions.

Collection scheduled by Avanti milk round service

### Recovery

Energy recovery from waste reduces reliance on fossil fuels and therefore our carbon footprint.

### Recycle

Achieve the best results by segregating waste at source.
